Importance: High

Steve,

I am forwarding the email regarding VBI-70 OU02 that Dania prepared to answer these type of questions. Hopefully this will help answer your questions regarding this special account. I looked at the AOC and on page 34 there is a topic on transferring the special account funds once the OU02 work is completed.

Importance: High

All-

I am circulating the priorities so everyone has a copy and so this doesn't get lost during RPM site transfer. This pertains to both the VB I-70 sitewide and OU2 special accounts.

"...shall be applied to VB/I70 OU2 Site costs in accordance with the following priority schedule.

- a. First priority shall repay EPA's Past Response Costs at the Site.
- b. Second priority shall reimburse EPA for its oversight costs relating to Denver's work in performing the RI/FS.
- c. Third priority shall pay Denver's costs in conducting the RI/FS at the Site.
- d. Fourth priority shall reimburse EPA for its oversight costs relating to any RD/RA work at the Site.
- e. Fifth priority - if any special account funds remain after all EPA costs have been reimbursed, Denver may apply for funds to pay for RD/RA and O&M work related to the Site."

Note: u. "Site" means Operable Unit 2 of the Vasquez Boulevard/Interstate 70 Superfund site which includes the former Omaha & Grant Smelter location, located near 42nd Avenue and St. Vincent Street, south of Interstate 70 and the existing Denver Coliseum, in Denver Colorado. The Site excludes Operable Units 1 and 3 of the Vasquez Boulevard/Interstate 70 Superfund site. OU 2 is depicted generally on the map attached as Exhibit A.

Thank you,

Dania Zinner

Subject: VBI70 - OU2 - 2008 AOC with Denver

All attached are 2 documents. First, is the complete 2008 AOC with Denver with its SOW. The second are the extracted pages from this AOC that have restrictions on or bearing on EPA's ability to use some of the funds in the Sitewide special account at OUs other than OU2. I retained the cover page with the extracted pages so down the road folks will know the source of those pages.
